Truth or Dare

Deer ticks are often no bigger than the head of a pin, so you might not discover them unless you search carefully. And history would sit back on her heels and laugh and laugh.

Europe, A Political Profile: An American Companion to European Politics, 2 volumes

It should follow that individuals who have the favorable

adaptations will live long enough to pass down those genes to their offspring. To be sure, increasingly many commentaries were being published in English rather than Latin, but most of those commentaries were on individual books, and varied wildly both in their opinions and in their quality, so that a substantial library collection and a considerable amount of time would have been required by anyone seeking regular and reliable guidance in the interpretation of scripture.

Army of Darkness Vol. 1 #7

Recall, Kant claims that we judge an object as sublime in an aesthetic estimation of the magnitude that is, in a direct perception.
